

## Full Training Module on LMS

Locate the training module within the LMS of this Web site at:

<http://go2learning.biz/lms>

There, you will find two training classes. For this artifact, access the 01 Quote to Cash class:

The screenshot shows a LMS interface. At the top, there is a 'QUOTATION' form with fields for 'To: \_\_\_\_\_', 'From: \_\_\_\_\_', 'Date: \_\_\_\_\_', and 'Total: \_\_\_\_\_'. Below the form is a table with columns 'Item #', 'Description', 'Quantity', 'Unit Price', and 'Item Total'. The table contains 10 rows of data. Below the table, there are fields for 'To: \_\_\_\_\_', 'From: \_\_\_\_\_', 'Date: \_\_\_\_\_', and 'Total: \_\_\_\_\_'. Below the form, there is a section for '01 Quote to Cash' with the text 'By admin' and 'No student enrolled'. A green 'Free' label is visible in the bottom right corner.

You do not need to be enroll in the LMS to access this class. When you open the class, you'll find two choices:

[Overview](#) [Curriculum](#)

The Overview tab gives you the course objectives, links to the syllabus and the full training curriculum (this was a demo for a manufacturing company for future consideration), which departments would use this course, along with other logistical information. Selecting the Curriculum tab will allow you to see the lessons for this course, along with assessments.

02 Order has all the active and developed lessons for this module, along with a module assessment. This course has 5 sections, each with a specific list of lessons. These lessons have not been developed for this project.
